Figure 10-1 shows the 'Schedule Event' screen in the 'iCalendar' application. The screen displays the event name 'Wake Up', the time '6:30 AM', and the frequency 'Weekdays'. The 'Recurring?' toggle is checked. The 'How often?' dropdown menu is set to 'Weekdays'. The 'Select the activity you wish to control for this event:' section shows three options: 'Watch Cable TV', 'Watch DVD', and 'Listen to Satellite Radio'. The 'Watch Cable TV' option is selected.
